## Skills

- Figma
- Adobe XD
- Photoshop
- Illustrator

## Aventiv

UX/UI Designer | Jan 2021 – Current | 100% Remote

- Lead UX/UI Designer on the AllPaid payment portal project
- Used Adobe XD to edit, update and create wireframes and prototypes
- Followed existing style guide to update prototypes and add new screens
- I also worked on designs for other projects: AdminCenter, GovPayNet, and JPay
- Used JIRA and Trello to track my design tasks
- Collaborated with the team through weekly department meetings and daily chats through Microsoft Teams.

## BlueSky eCommerce

UI Consultant | July 2019 – May 2020 | Noblesville, IN

- Primary UI developer on the Midwest Veterinary Supply e-commerce project
- Used VSCode to write CSS to fix layouts and components
- Refactored views to fit style guide requirements
- Tested views against the style guide on the test server
- Documented tickets and hours in JIRA
- Collaborated with the team during weekly meetings

## Skill Improvement

Self-Taught Designer | 2017 – 2019

- Took courses on the fundamentals of Graphic Design and UX/UI Design
- Learned how to apply my design skills using Figma and Adobe XD
- Redesigned my website and deployed it using a static-site generator [www.11ty.dev](http://www.11ty.dev)
- I continue to improve my design skills through books, courses, and projects

## Navient

UX Developer (contract) | Nov 2016 – Jun 2017 | Fishers, IN

- UX developer building views for MVC, Dot Net application
- Used Visual Studio 2015, ASP.Net Razor, HTML5, CSS3/SCSS, Bootstrap 4, Node, Gulp, JavaScript, and jQuery
- Fixed defects found by testers
- Attend daily Scrum meetings to go over defects, project progress, and upcoming tasks
